

## **NORMA A/S new owner structure (November 5<sup>th</sup> – 2010)**

NORMA A/S is pleased to announce that it has just taken the first step into the future. A change in generation has just been completed where Minga Liljeström, M Sc pharm, Founder of NORMA A/S, has sold a substantial part of NORMA to her daughter, Linn L. Zeuthen, M Sc Econ & BA who has been with NORMA A/S for several years - for the last year as Managing Director.

The capital structure of NORMA has been strengthened, as it has been converted into a public liability company (A/S).

The industry is under constant pressure to deliver and Linn shall therefore lead NORMA into the future where cost effective site management and fast recruitment are essential.

*Minga Liljeström says: "Now I am certain that NORMA A/S will continue building on the vast experience and knowledge established during the years. Our partners – sponsors as well as investigators - will remain sensing the NORMA spirit of flexible and prompt services provided as high quality work:"*

*Linn L. Zeuthen states: "I am thrilled to receive the baton of this unique company, and prepare it for the future by capturing some of the exciting opportunities in the rapid changing CRO market. Being a focused provider of clinical operations and a devoted research partner we have a perfect platform to stay on the leading edge."*

NORMA A/S is the leading provider of clinical operations in the Nordic and Baltic regions with more than 20 years of presence in the region. Headquartered in Hørsholm north of Copenhagen, the region is served out of offices in Denmark, Estonia, Finland, Lithuania, Norway and Sweden.
